Inventory of Tasks Performed with Materials Containing Crystalline Silica

Department/Unit:	Date:
Completed by:	Title:

Equipment/Task	Hours per shift	Location (Indoor, Outdoor or Both)	Engineering Controls Currently Implemented	Required Respiratory Protection Required
(i) Stationary masonry saws				
(ii) Handheld power saws (any blade diameter)				
(iii) Handheld power saws for cutting fiber-cement board (with blade diameter of 8 inches or less)				
(iv) Walk-behind saws				
(v) Drivable saws				
(vi) Rig-mounted core saws or drills				
(vii) Handheld and stand-mounted drills (including impact and rotary hammer drills)				
(viii) Dowel drilling rigs for concrete				
(ix) Vehicle-mounted drilling rigs for rock and concrete				
(x) Jackhammers and handheld powered chipping tools				
(xi) Handheld grinders for mortar removal (i.e., tuckpointing)				
(xii) Handheld grinders for uses other than mortar removal				
(xiii) Walk-behind milling machines and floor grinders				
(xiv) Small drivable milling machines (less than half-lane)				
(xv) Large drivable milling machines (half-lane and larger)				
(xvi) Crushing machines				
(xvii) Heavy equipment and utility vehicles used to abrade or fracture silica-containing materials (e.g., hoe-ramming, rock ripping) or used during demolition activities involving silica-containing materials				
(xviii) Heavy equipment and utility vehicles for tasks such as grading and excavating but not including: Demolishing, abrading, or fracturing silica-containing materials				
(xviv) Water filtration work or other tasks that may result in exposures to Celatom Flux and/or calcinated diatomaceous earth				
Other (please list):
