---

## Job Hazard Assessment

**Instructions:** 1) Use this form to perform a documented job hazard assessment (JHA) for each job task that necessitates the use of personal protective equipment (PPE), 2) Provide training and document on the (attached) training roster, and 3) Maintain this documentation until the task is no longer being performed. Example of hazards include: Impact, penetration, compression, laceration, exposure, heat, noise and light (optical) radiation. Note that these Personal Protective Equipment (PPE) controls should be used in conjunction with other controls (engineering, administrative, and work practices).

**Evaluation of (Individual, Job, Process)**

General Research Assistant

**CERTIFICATION.** By signing this form the individual certifies that a workplace hazard assessment has been performed in accordance with 8 CCR § 3380.

**SIGNATURE**

J. Supervisor

## Hazard Assessment

**Instructions:**
1. Use this form to perform a documented job hazard assessment (JHA) for each job task that necessitates the use of personal protective equipment (PPE).
2. Provide training and document on the (attached) training roster.
3. Maintain this documentation until the task is no longer being performed.

Example of hazards include: Impact, penetration, compression, laceration, exposure, heat, noise and light (optical) radiation. Note that these Personal Protective Equipment (PPE) controls should be used in conjunction with other controls (engineering, administrative, and work practices).

### Task

#### Research using organolithium compounds

- **Frequency & Duration:** Daily, up to 4 hours each time.
- **Hazard:** Chemical (flammability and corrosivity)
- **PPE required:**
  - **Eye / Face:** Safety glasses and face shield
  - **Body:** Flame-resistant laboratory coat or coveralls
  - **Hand:** Nitrile gloves
  - **Foot:** Closed-toe shoes
  - **Other:**

#### Operation of Class 3B laser

- **Frequency & Duration:** Weekly, up to 15 minutes each time.
- **Hazard:** Heat and Light (optical) radiation (Burns to eyes and/or skin)
- **PPE required:**
  - **Eye / Face:** Laser safety glasses/goggles with OD 5
  - **Body:** Long-sleeved shirts and pants made of natural fibers
  - **Hand:**
  - **Foot:**
  - **Other:** Hearing protection

#### Disposal of biohazardous waste

- **Frequency & Duration:** Monthly, less than 30 minutes each time.
- **Hazard:** Chemical (bloodborne pathogens)
- **PPE required:**
  - **Eye / Face:** Safety glasses
  - **Body:** Laboratory coat
  - **Hand:** Gloves
  - **Foot:** Closed-toe shoes
  - **Other:**
