

# 2019 Annual

# Fire Safety Report

## HIGHER EDUCATION OPPORTUNITY ACT ANNUAL FIRE SAFETY REPORT UNIVERSITY OF CALIFORNIA, SANTA BARBARA

### INTRODUCTION

Fire Safety is an essential tool in protecting a campus community from injuries, deaths, business interruption, and property damage resulting from fires and related perils. Fire Safety includes education, training, and policies designed to ensure all students, staff, and faculty of this institution are aware of and understand the elements that help to ensure the safety of all.

In an effort to standardize the information that an institution publishes in regards to their own fire safety, the Department of Education developed a new law called Higher Education Opportunity Act (HEOA). HEOA is intended to ensure a reasonable and consistent notification of fire related incidents within UC Santa Barbara administered housing units.

### OVERVIEW

On August 14, 2008, the Higher Education Opportunity Act (Public Law 110-315) was enacted, reauthorizing the Higher Education Act of 1965, as amended. The HEOA amended the Clery Act, creating additional safety- and security-related requirements for institutions that participate in Title IV student aid programs. Specifically, it added fire safety reporting requirements for institutions with on-campus student housing facilities. These reporting requirements include maintaining a Fire Log, publishing an Annual Fire Safety Report, and reporting fire statistics to the Department of Education. In compliance with federal law, UC Santa Barbara is required to make fire-related safety reports available to the campus community and to prospective students and their families.

## Table of Contents

1.0 Annual Security Report and Annual Fire Safety Report	4
2.0 Definition of Terms	5
3.0 Fire Log	5
4.0 Policies on Portable Electrical Appliances, Smoking, and Open Flames	6
5.0 Safety and Evacuation Procedures in Case of a Fire	7
6.0 Fire Safety Education, Training, and Drills	9
7.0 Reporting List & Investigation	10
8.0 On-Campus Student Housing Fire Safety Systems	10
9.0 Future Improvements	20
10.0 On-Campus Student Housing Fire Statistics	20

## 1.0 ANNUAL SECURITY REPORT AND ANNUAL FIRE SAFETY REPORT

### PURPOSE OF THE ANNUAL SECURITY REPORT AND ANNUAL FIRE SAFETY REPORT

Under the Clery Act, UC Santa Barbara has immediate, ongoing, and annual reporting requirements. The Annual Security Report (ASR) and Annual Fire Safety Report (AFSR) are updated and published each year. This AFSR contains fire safety-related policy statements as well as on-campus student housing facilities' fire statistics for the most recent three calendar years. The ASR contains safety- and security-related policy statements and procedures as well as crime statistics for the most recent three calendar years.

### ANNUAL SECURITY REPORT AND ANNUAL FIRE SAFETY REPORT NOTIFICATION AND DISTRIBUTION

The ASR and AFSR are distributed in compliance with the requirements of the Clery Act. Specifically, UC Santa Barbara distributes an individual notice about both reports to all currently enrolled students and all current employees by October 1 of each year. The notice generally includes a statement of the reports' availability, a brief description of the information contained within the reports, a direct link to the reports, and information regarding where paper copies of the reports may be obtained upon request. Both reports are also made available to prospective students and employees, and distributed to prospective students and employees upon request.

The ASR and the AFSR are distributed as two separate report documents. The ASR may be directly accessed by visiting: [www.police.ucsb.edu/asr](http://www.police.ucsb.edu/asr).

### ANNUAL FIRE SAFETY REPORT PREPARATION PROCESS

The UC Santa Barbara Division of Fire Prevention and the UC Santa Barbara Clery Coordinator have joint responsibility for compiling the information contained within the AFSR. The Division of Fire Prevention works closely

with the UC Santa Barbara Police Department (UCPD) and the Clery Coordinator to reconcile all reported fires within on-campus student housing facilities. The Division of Fire Prevention and UCPD have joint responsibility to investigate all reported fires for a Clery Act arson determination. Additionally, the Division of Fire Prevention and the Clery Coordinator work closely with Housing, Dining & Auxiliary Enterprises to obtain the records of the fire safety systems in on-campus student housing facilities and the fire drills that occur each year. For more information about the Division of Fire Prevention please visit <https://www.ehs.ucsb.edu/fire>. The Annual Fire Safety Report may be directly accessed by visiting: [www.ehs.ucsb.edu/firesafetyreport](http://www.ehs.ucsb.edu/firesafetyreport).

### CONTENTS OF THE ANNUAL FIRE SAFETY REPORT

The Annual Fire Safety Report contains the following information.

- Fire Statistics for each on-campus student housing facility.
- Description of the fire safety system for each on-campus student housing facility.
- Number of fire drills held during the previous calendar year.
- Institutional policies/rules regarding portable electrical appliances, smoking, and open flames in on-campus student housing facilities.
- Procedures for student housing facility evacuation.
- Policies for fire safety education and training programs provided to students and employees, including procedures student and employees should follow in case of a fire.
- List of the titles or organization to which fires should be reported.
- Plans for future improvements.

## 2.0 DEFINITION OF TERMS

*The following terms are defined in CFR 668.49(a):*

**Cause of Fire:** The factor or factors that give rise to a fire. The causal factor may be, but is not limited to, the result of an intentional or unintentional action, mechanical failure, or act of nature.

**Fire:** Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

**Fire Drill:** The supervised practice of a mandatory evacuation of a building for a fire.

**Fire-related Injury:** Any instance in which a person is injured as a result of a fire, including an injury sustained from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of the fire. The term "person" may include students, faculty, staff, visitors, firefighters, or any other individuals.

**Fire-related Death:** Any instance in which a person is killed as a result of a fire, including death resulting from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of a fire; or dies within one year of injuries sustained as a result of the fire.

**Fire Safety System:** Any mechanism or system related to the detection of a fire, the warning resulting from a fire, or the control of a fire. This system may include sprinkler systems or other fire extinguishing systems; fire detection devices; standalone smoke alarms; devices that alert one to the presence of a fire, such as horns, bells, or strobe lights; smoke-control and reduction mechanisms; and fire doors and walls that reduce the spread of a fire.

**Value of Property Damage:** The estimated value of the loss of the structure and contents, in terms of the cost of replacement in like kind and quantity. This estimate should include contents damaged by fire, and related

damages caused by smoke, water and overhaul; however, it does not include indirect loss, such as business interruption.

*The following term is defined in CFR 668.46(b):*

**Residential/Student Housing Facility:** Any student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus.

(A note from the UC Fire Marshal regarding the definition of On-Campus Student Housing Facility: The Higher Education Opportunity Act (HEOA) applies to all residential facilities owned or controlled by an institution within the same reasonably contiguous geographic area, including privately operated residential housing, provided the building is owned by the University or on the main campus. If the residential housing facility is privately operated, not owned by the University, and not located on the main campus then the facility is NOT included in this report.)

## 3.0 FIRE LOG

UC Santa Barbara is required to maintain a written, easily understood Fire Log, either in hard copy or electronic form. The Fire Log is maintained for any fires that occurred in an on-campus student housing facility in the previous 60 days, recorded by the date reported. Fire Log entries (or additions to an entry) must be made within two (2) business days of receipt of the information. The most recent 60-day log must be made available for public inspection during normal business hours. Any portion of the log older than 60 days must be made available within two (2) business days of a request for public inspection.

For each report of a fire, the following information is included in the Fire Log.

- Nature of the fire
- Date and time the fire occurred

- Date the fire was reported
- General location of the fire

UC Santa Barbara maintains an electronic 60-day Fire Log. To access the Fire Log, visit [www.ehs.ucsb.edu/fire/60-day-fire-log](http://www.ehs.ucsb.edu/fire/60-day-fire-log). To request a hard copy of the 60-day Fire Log, contact the UC Santa Barbara Division of Fire Prevention at (805) 893-5848.

## 4.0 POLICIES ON PORTABLE ELECTRICAL APPLIANCES, SMOKING, AND OPEN FLAMES

### SMOKING: CAMPUS POLICY

UC Santa Barbara is committed to providing students, faculty, staff, and visitors with a smoke-free and tobacco-free environment. Under the authority of [California Government Code 7597.1](#), smoking is prohibited in all UC Santa Barbara facilities, on all University grounds, and on all University-owned and leased properties regardless of location. Smoking, the use of smokeless tobacco products, hookahs, and the use of unregulated nicotine products (e.g. electronic cigarettes and vaporizers) is strictly prohibited. This smoke-free policy applies to all indoor and outdoor areas. Violations of the adopted policy by students, faculty, and staff may result in University disciplinary action. Campus visitors will be asked to comply with the policy or leave campus.

### OPEN FLAMES: CAMPUS POLICY

Burning candles, potpourri, incense, sterno, or any other open flames are prohibited in or around on-campus student housing by order of the Campus Fire Marshal.

Barbecues and open burning are not permitted on University property unless specifically authorized in a written permit by the Campus Fire Marshal or designee, prior to the event. Approved permits must be displayed or made available upon request at the barbecue or open burning event. Sanctions for violations of this policy or the terms

of a permit shall be administered in accordance with due processes, law, and University policies. Sanctions may include citation, fines, and/or disciplinary action.

Barbecues provided by the University in on-campus student housing are to be used only for cooking food. Personal barbecues may not be used or stored on the premises with the exception of private concrete patios of ground floor units in the apartments, where each apartment is limited to one barbecue with a maximum size of 15"W x 15"D x 17"H.

### PORTABLE ELECTRICAL APPLIANCES & OTHER PROHIBITED ITEMS: HOUSING POLICIES

#### Appliances and Electrical Safety

All appliances should be UL approved. Practice safety when using appliances or electrically dependent items. Do not overload circuits or extension cords. Use UL listed multi-outlet units (MOU) plugged directly into the wall outlet.

## Cooking

Cooking is only permitted in designated areas. Smoke created when cooking may activate building alarms and it is the responsibility of the resident to take the necessary precautions to prevent this from occurring. Ventilation fans must be used at all times while cooking. While cooking, do not leave food unattended. Burned food will activate the building fire alarm and individuals involved will be financially responsible for the costs of the fire department and operations staff response and damages.

In the residence halls, microwave ovens, water heaters, coffee makers, rice cookers, toasters, and other electrical or gas cooking instruments are strictly prohibited in residents' rooms and other residence hall spaces not designated for cooking.

## Flammables

Storage or use of ammunition, kerosene, propane, paint thinner, charcoal starter, gasoline, naphtha, benzene, fireworks or other flammable or explosive materials is strictly prohibited. Storage of oily rags, boxes, or excessive amounts of newspapers or magazines is not permitted on the premises.

## Other Prohibited Items

The following items are also prohibited in on-campus student housing due to their association with facility damage, fire hazard and/or high energy use: darts and dart boards, air conditioning and heating units (including space heaters), large appliances (e.g. washers, dryers, dishwashers, freezers, extra refrigerators), fire pits, halogen and incandescent lamps (torchiere-style lamps), and smoke or fog machines (possession, storage, or use).

## Fire Safety and Emergency Equipment

- Residents are required to immediately evacuate the building when the alarm sounds.

- It is a misdemeanor to tamper or interfere with fire alarm pull stations, smoke and heat detectors, fire extinguishers, hoses, fire sprinkler systems and EXIT signs and lights. Violators are subject to disciplinary action as well as legal prosecution.
- If a resident intentionally starts a fire, or if a fire results from negligence, residents may be held financially responsible for property damage or personal loss and may be removed from University housing.

## 5.0 SAFETY AND EVACUATION PROCEDURES IN CASE OF A FIRE

### PROCEDURES STUDENTS AND EMPLOYEES SHOULD FOLLOW IN CASE OF A FIRE

- Upon discovery of a fire, find the nearest pull box to activate the fire alarm, or call 9-1-1 to report the fire.
- Make sure that everyone is out of the room/space containing the fire and alert people to begin evacuating. Assist those with disabilities as necessary.
- Shut all doors and windows in the vicinity of the fire, if you can do so safely.
- Use a fire extinguisher only if you have been trained to do so and you have a clear exit path behind you.
- Residents should contact a Housing staff member if time and safety allow.
- Housing staff members who are present in the building should facilitate the evacuation of their floor/building if possible. When the alarm sounds, shout and knock on doors as you make your way to the nearest exit and out of the building.
- Exit the building using the nearest stairwell or safe exit. (Do Not Use Elevators)
- Housing staff members should ensure residents gath-

er at the building's Emergency Assembly Point, and they should meet First Responders when they arrive to relay pertinent information about the incident.

- All fires must be reported, even those that are self-contained or already extinguished. Report active fires by calling 9-1-1. Already extinguished fires should be reported to UCPD at (805) 893-3446 (non-emergency line) or the Division of Fire Protection at (805) 893-5848.
- Report any fire extinguisher that has been discharged, has lost pressure, or is out-of-date to Facilities Management Life Safety Services at (805) 893-8300.

### EVACUATION PROCEDURES IN CASE OF A FIRE

- Residents are required to immediately evacuate the building or area using the nearest available exit when instructed by a University authority, police, or firefighter, or when a fire/smoke alarm sounds.

- If you hear the fire alarm, immediately evacuate the building using the nearest available exit. Every alarm must be treated as a genuine emergency!
- Awaken any sleeping roommates or suitemates. Prepare to evacuate by putting on shoes and coat if necessary.
- Feel the doorknob and the door. If they are cool, open your door slowly. If heat or heavy smoke rushes in, close the door immediately and remain inside.
- Should the door be warm or the hallway impassable, place towels or a blanket at the base of the door and call 9-1-1, giving your name, building name, and your room/apartment number. Go to the window and make your presence known.
- If the door is cool and hallway passable, exit the building immediately using the nearest available exit. When leaving your room/apartment, be sure to take your key and close and lock the door behind you.

- When exiting in smoky conditions keep your hand on the wall and crawl to the nearest exit. Always know more than one path out of your location and the number of doors between your room and the exit.
- After exiting the building, go directly to your building's Emergency Assembly Point. If that area is no longer safe, determine the safest place away from imminent danger, maintaining 50 feet of clearance from the building. Wait for instructions.
- Keep the walkways and vehicle access lanes clear for emergency vehicles.
- Do not return to the affected building until told it is safe by a fire official or staff member.

## EVACUATION ROUTE

Emergency evacuation routes within each facility are posted on the interior door of most residence hall rooms/apartments, as well as on exit doors, in stairwells, and in elevators. Additionally, maps of the Emergency Assembly Points for each residence hall and apartment are available online (<https://www.ehs.ucsb.edu/files/docs/fp/eap.pdf>) and in the Department Emergency Plan binder (maintained at the front desk of every residence hall or main office of every apartment complex).

## 6.0 FIRE SAFETY EDUCATION, TRAINING, AND DRILLS

### FIRE SAFETY TRAINING

Annual fire safety training is provided for all live-in Residential & Community Living (R&CL) staff by the Division of Fire Protection prior to the start of fall quarter. R&CL staff are trained to report all fires, including fires already reported out, to UCPD.

Fire safety training for R&CL staff also includes:

- Online module covering policies, prohibited items, and safety training overview;
- Practical (hands-on) training in the use of portable fire extinguishers, using live fire;
- In-person presentation covering fire safety systems (fire alarms, sprinklers, annunciator panels, fire doors, etc.), evacuation procedures and emergency assembly points, reporting procedures for active and extinguished fire incidents, where to meet emergency responders, and potential fire scenarios.

Fire safety training and fire extinguisher training is provided to other departments upon request. Departments are encouraged to request this training by contacting the Division of Fire Prevention at 805-893-5848.

### FIRE SAFETY EDUCATION & FIRE DRILLS

The Division of Fire Prevention and Housing, Dining, & Auxiliary Enterprises (HDAE) conduct one supervised fire drill annually in each residence hall at the start of the academic year to practice safe and orderly evacuation of the buildings. With the help of Residential & Community Living (R&CL) staff, residents are guided to their building's emergency assembly point and are provided with additional information about evacuation procedures in case of a fire. These drills also provide an additional opportunity for HDAE and the Division of Fire Prevention staff to ensure all fire alarm and life safety systems are operating correctly in the residence halls. After the residents are allowed back into the building, HDAE, R&CL, and the Division of Fire Prevention staff reconvene to evaluate and debrief the drill.

Fire drills are also conducted annually, in the fall, for campus administrative buildings, and monthly for the two

on-campus children’s daycare centers and the Student Health building. These drills provide training for staff and faculty who work on campus to practice safe and orderly evacuation of their building and learn the location of their emergency assembly point.

In addition to fire drills, fire safety training is provided by R&CL’s student conduct team to any on-campus student housing resident who violates smoking or fire safety policies. This Fire Safety Seminar covers fire statistics, fire prevention tips, prohibited items and behaviors, evacuation procedures, and fire safety systems. Students attend the hour-long seminar and complete an assignment reflecting on their role in keeping their community safe from potential fires and how they would change their behavior, given what they’ve learned.

## 7.0 REPORTING LIST & INVESTIGATION

Reports of any type of fire are investigated and documented by the UC Santa Barbara Police Department (UCPD) or the Division of Fire Prevention. In the event of an emergency or active fire, call 9-1-1. For the purposes of disclosing a fire in the annual fire safety report, the following is a list of titles of each person or organization to which students and employees should report that a fire occurred.

If a member of the UC Santa Barbara community finds evidence of a fire that has been extinguished, and the person is not sure whether UCPD has already responded, they should immediately notify UCPD via the non-emergency number at (805) 893-3446 or the Campus Fire Marshal at (805) 893-5848.

The Division of Fire Protection, in cooperation with the Santa Barbara County Fire Department and UCPD (and as required, the California State Fire Marshal) shall investigate all cases of deliberate transmission of a false fire alarm, tampering with or damage to fire protection equipment, damage or attempted damage of property

by fire, suspicion that arson or attempted arson has been committed, injury or death as a result of a fire, and any similar malicious acts covered by provisions of the California Penal Code. The Division of Fire Prevention will be responsible for determining origin and cause of any fire or explosion, and UCPD will be responsible for investigating any criminal aspect of a fire or explosion and take the lead in evidence collection and maintaining the chain of custody.

## 8.0 ON-CAMPUS STUDENT HOUSING FIRE SAFETY SYSTEMS

With two exceptions, as noted and identified in the charts below, all on-campus student housing facilities have networked fire alarm systems that are monitored twenty-four hours a day, seven days a week by UCPD’s Dispatch communications center. The following descriptions can be used to understand or locate the other fire safety systems noted in the chart below:

- Sprinkler system: activated by heat and designed to control the spread of fire until residents can safely exit the building
- Smoke detection: fire protection devices that automatically detect and give a warning if smoke is present to alert the resident
- Fire extinguishers: available in all housing facilities in clearly marked accessible cabinets in public/common spaces
- Posted evacuation plans and placards: located in all housing facilities. In most cases they are located on the inside of the apartment door or the door of the residence hall room. They are also located inside the Department Emergency Plan binder at each residence hall front desk or apartment complex office.

## 9.0 FUTURE IMPROVEMENTS

UC Santa Barbara continually evaluates the need for improvements in all aspects of fire safety on campus. Any modifications, changes, or upgrades to fire and life safety systems that are identified, reviewed and approved by the Division of Fire Prevention prior to installation, and are implemented on a timely basis. Housing, Dining & Auxiliary Enterprises schedules fire safety system upgrades in alignment with larger asset renewal renovation projects that address overall deferred maintenance needs of each facility. No system upgrades are scheduled at this time, but fire alarm equipment is inspected, tested, and replaced regularly.

## 10.0 ON-CAMPUS STUDENT HOUSING FIRE STATISTICS

Fire statistics must be collected and reported annually in both the Annual Fire Safety Report and the U.S. Department of Education's web-based data collection system. The following fire statistics must be reported for each on-campus student housing facility.

- Number of fires
- Cause of each fire

- Number of persons who received fire-related injuries that resulted in treatment at a medical facility
- Number of deaths related to a fire
- Value of property damage caused by a fire

The following are fire-related statistics for each on-campus student housing facility for the three most recent calendar years (2016, 2017, and 2018). For UC Santa Barbara fire statistics, data is collected from multiple sources, including the UC Santa Barbara Police Department, the UC Santa Barbara Division of Fire Prevention, and the Santa Barbara County Fire Department.

**ALWAYS CALL 911 TO REPORT A FIRE,  
EVEN IF IT HAS ALREADY BEEN EXTINGUISHED.**
