

Hazardous Chemical Management

x8243

Maintains lab door placard program to provide information to emergency responders. Monitors campus use of large quantity chemicals, toxic gases and other hazardous materials for compliance with applicable local and federal regulations.

Hazardous Waste Disposal

x3293

Manages disposal of all chemical waste generated on campus. Program includes waste pickups, pollution prevention, regulatory compliance, and maintaining emergency response capabilities.

Industrial Hygiene/Occ Health

x8787

Provides information, consultation and training on industrial hygiene/occupational health subjects such as respiratory protection, hearing conservation, heat illness, confined space and hazard communication. Conducts IAQ surveys, exposure assessments and recommends control measures.

Injury & Illness Prevention

x5407

Coordinates development of departmental Injury and Illness Prevention Programs with Department Safety Representatives (DSRs).

Lab Safety

x4899

Provides training, information and inspections to foster safe and legal lab practices to protect workers against chemical and physical hazards. Reviews all new lab construction and renovation plans. Assists labs in developing their OSHA Chemical Hygiene Plans. Investigates lab accidents and coordinates hazardous materials emergency response activities.

Laser Safety

x7255

Provides training, safety information and laser safety audits to assist compliance with applicable policies and regulations.

Radiation Safety

x7255

Provides training, laboratory inspections, radiation exposure monitoring for both radioactive material and X-ray producing machine users. Manages the campus radioactive waste disposal program, including waste pickup, storage and disposal.

Risk Management

x4169

Protects the campus from the risk of unanticipated loss, manages UC's insurance programs, manages the campus response to lawsuits and claims, analyzes risks involved in campus activities and use of facilities, resolves contract insurance and indemnification issues.

Stormwater Management

x8997

The purpose of stormwater management is to protect and restore the physical, chemical, and biological integrity of our nation's waterways by controlling and limiting discharges of pollutants to these waterways.

Training

x4447

Assists supervisors in meeting legal requirements to train each employee in health and safety practices and occupational hazards by providing classes, videos, publications, and manuals.

Workers' Compensation

x2029

Workers' Compensation is a state-mandated insurance plan designed to be a "no-fault" system. Provides benefits and assistance to all employees who are injured or develop a job-related illness as a result of their employment.
